Declaration on Export Restrictions

Dear Sir/Madam,

Attached please find our "Declaration on Export Restrictions". This document applies exclusively to products from our current range.

Please always ask for the latest version of this Declaration.

Kind regards, Export Control Department Moritz-Juchheim-Strasse 1 36039 Fulda, Germany Phone: +49 661 6003-0 Email: mail@jumo.net Internet: www.jumo.net

Declaration on Export Restrictions

JUMO is one of the leading manufacturers in the field of industrial sensor and automation technology. Our innovative product range includes the entire measuring chain from sensors to automation solutions for temperature, pressure, liquid analysis, flow rate, filling level and humidity. The products of JUMO GmbH & Co. KG comply with the general requirements of the industry and are **not specially designed for "sensitive" purposes**.

In the following, you will find information which is based on a purely product-specific control according to the criteria of the export lists. It does not exempt you from the self-responsible examination and the compliance with the law. Please note that the export of unlisted goods may also be subject to approval. Furthermore, exports may be prohibited or subject to authorization under special embargo rules.

Please pay attention to embargo / sanction lists and the end use.

In case of doubt regarding license requirement or notification obligation you should make an application or information to the authorities.

Detailed information on listed goods that are subject to an export permit as well as specifications of origin for our products can be found on the standard business documents such as offers, order confirmations, and invoices.
